

Statement of Authenticity of Final Project

I, the undersigned, certify that the contents of part or all of my Final Project entitled: "IoT Based Condition Monitoring System for Spot Welding Machine Using Vibration And Non Contact Voltage Detection" is my own work, completed without the use of materials that are not permitted, and is not the work of other parties which I acknowledge as my own work. All references cited or referred to have been written in full in the bibliography. If it turns out that my statement is not true, I am willing to accept sanctions in accordance with applicable regulations.
