SOP OF CORPORATE TAX AUDIT

INTRODUC TION

PT Batam Konsultan Indonesia based in Batam is a group of PT Inatax Consulindo Internasional (Inatax), which was established on November 8, 2019. The problem that occurred was complaints about the client's dissatisfaction with the ineffective examination procedure so that it took a long time in the examination process.

LITERATURE

1. PT. Batam Konsultan Indonesia as an internship place and a source of problems that occur in the company.
2. SOP inspection procedures that have been prepared and used directly by the company.
3. FLOWCHART is a process flow in the form of graphic symbols used in tax audits.

DISSCUSSION & RESULT

Tax audit is one of the most important tools in the tax system from a financial, social, regulatory and administrative point of view (Gubar et.al., 2015:247). To overcome these problems, the resulting output is the Standard Operating Procedure (SOP) of Corporate Tax Audit and Flowchart.
